

# FACT SHEET

## DBE use to date -- design and construction

The following Disadvantaged Business Enterprise companies certified in either Missouri or Illinois have received subcontracts as part of either the design phase or construction of the Mississippi River Bridge projects. So far, 117 different DBE companies have received 246 contracts to provide more than \$114 million in design or construction services. There are 36 construction projects needed to build the Mississippi River Bridge. All have been awarded.
