St. Louis City, Missouri, and St. Claire County, Illinois  
MoDOT Job No. J6U1086 and Illinois Job No. P-98-088-91  
Environmental Reevaluation

The final Environmental Reevaluation for the subject project was transmitted to your office this week. The FEIS on this project was approved on March 26, 2001, and the Record of Decision was issued June 13, 2001. As stated in the reevaluation, the impacts associated with the New I-70 Mississippi River Bridge Crossing project are less than those associated with the Preferred Alternative in the FEIS. We request your concurrence that the 2001 Record of Decision is still applicable, a Supplemental EIS is not required, and this project is in compliance with NEPA.
