

## 10th Street ramp closes October 10, 2011

MoDOT will close the exit ramp from Interstate 70 to N. 10th Street in St. Louis (exit 249A) permanently, starting October 10 after morning rush. This closure is due to upcoming construction for the new Mississippi River Bridge for the new ramps from the bridge into St. Louis. After the ramp closes, 9th and 10th streets north of Cass become two-way streets.

To detour around the closure:

- 1. Exit at N Broadway (Exit 250A)
- 2. Turn right on Carr St.
- 3. Turn right onto N. 9th Street
- 4. Turn left at Cass Ave
- 5. Turn left onto N. 10th Street
